

REMARKS

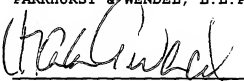

Applicants present for examination claims 3 to 5, 8, 10, 12, and 13. Claims 3 to 5, 8, 10, and 12 read as they did in the parent case at the time of the Final Rejection. New claim 13 is believed clearly patentably to define over Senoo et al. EP '868 cited and applied in the Final Rejection.

An Information Disclosure Statement is filed to list all the references cited in the parent and grandparent applications.

An early examination of claims 3 to 5, 8, 10, 12, and 13 is earnestly solicited.

Respectfully submitted,

PARKHURST & WENDEL, L.L.P.
